Marco Bozzaris (1788-1823) was a Gk Pat, who fought to liberate his country from the Turks. In his army he had a Greco-Albanian tribe, the Sulistes, whom the Turks had driven from their territory in Albania. They consequently were eager to wage war agt the Turks. Boz is especially noted for his defence of Missolonghi. On Aug 20, 1823 he lost his life in a successful night attack on a superior Turkish force. Americans, with their own Rev still fresh in th minds, naturally sympathized with the Greek in the war for Independence and admired this young leader.

Fitz-Greene Halleck (1790-1867) a young N. Y. journalist, voiced the Am. sentiment in a poem called Marco Bozzaris.

John Carter to James Wood Lieut. Gov.

Oct. 23

In consequence of a report which was communicated to me by the Auditor tending much to my disadvantage, I now take the liberty of enclosing to you such documents as I can at present obtain, in order to contradict an assertion fraught with malice & design. The low state of the Treasury together

myself they will agree with me  
that it is a malicious & groundless  
assertion. Had I time I could  
procure many other documents in  
support of my friendly aid, which  
has been so grossly misapplied by  
some censorious persons.

Relying on your disposition to  
redress the wrongs of an injured  
person, I rest assured you will  
have that justice done wh - I hope  
you will conceive I deserve

at the same time making any

I was induced to advance them  
the nominal amount of their claims

These friendly transactions have been  
commented on by men who are

I withheld my friendly assistance.  
This may have given rise to the

THE COLONEL WILLIAM ALLEN CHAPTER, Daughters of the American Revolution, wishes to call the attention of all Hereditary and Patriotic Societies in the State, and persons of Surry County lineage, to a work of restoration needed in the records of Surry County, Virginia.

A large will book of that County covering the period 1730-1739 has been withdrawn from use, and is in such a deplorable condition, that the county officers feel unwilling for it to have even the handling necessary for photostating.

The cost of restoration has been estimated at about \$700.00. The above Chapter has \$250.00 already pledged to this undertaking. Using this as a nucleus and realizing what an important book this is to all hereditary societies, and to all people having Surry ancestry, it is asking for contributions to help in its restoration. This seems the only feasible plan for accomplishing the project, since it is an undertaking too large for any one group or society.

In ~~front~~ of the restored volume credit will be given to each organization or person contributing towards it. On June 1st, 1933, if enough funds have not been raised for the work, all contributions will be returned to the donors.

The Chapter is requesting the three Genealogical and Historical Magazines in the State to publish the index to this will book, believing that if all persons having an ancestor in the list would send even a small contribution, it would be possible to preserve this book for posterity.

Make all checks payable to:

MRS. ALBERT H. OCHSNER, Treasurer  
Spring Grove, Surry County, Virginia.
